REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their efforts and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience—a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.

2. Carry your rubbish to the public dump—its safer. A neglected backyard incinerator causes many fires.

3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.

4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Lets all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

VILLAGE DISTRICT MEETING

March 16, 1963

The meeting was called to order at 1:15 P.M. by the Moderator, John H. Terry, Jr. who read the Warrant. There were 19 present.

Under Articles No. 1, 2, 3, 4, and 5 John H. Terry, Jr. was nominated for Moderator Fenn B. Newell was nominated for Clerk; Richard D. Rhodes, Sr. was nominated for Commissioner for three years; Lois M. Delano was nominated for Treasurer and Theodora A. Gerould was nominated for Auditor.

In each case it was voted that the nominations be closed. The Clerk was instructed to cast one ballot bearing the names of John H. Terry, Jr. for Moderator; Richard D. Rhodes, Sr. for Commissioner for three years; Lois M. Delano for Treasurer; and Theodora A. Gerould for Auditor. The Clerk cast one ballot for each and they were declared unanimously elected.

The Moderator was instructed to cast one ballot bearing the name of Fenn B. Newell for Clerk. The Moderator did so and Fenn B. Newell was declared unanimously elected Clerk.

Article No. 6. It was voted to accept the report of the Auditor as printed on Page 57 of the Town Report for 1962.

Mr. Lesure reported for the Committee on the matter of a sidewalk from South Village Route No. 63 to the school. It was the Committee's opinion that the Village District should not get into this as it obviously is a Town project. It was also reported that some improvement there would be made this year.

It was also reported that the Resuscitator and four tanks of oxygen had been purchased with funds raised through the efforts of the Firemen, Mrs. R. D. Ball and Mr. Everett Warner, and was now the property of the Town and available at the Fire House. It was voted that the Clerk thank Mr. Warner for the painting he donated for this project.

It was most rewarding to be able to do school physicals in Westmoreland this school year. A new experience for the children, and much to their surprise a most painless one.

The families who were told of reportable problems, were most cooperative, this in itself was most encouraging.

I wish to take this opportunity to thank all parents and persons involved in making the school health program in Westmoreland a better one.

Respectfully submitted,,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Westmoreland:

I herewith submit my annual report as your Superintendent of Schools:

The enrollment forecast for September, 1963 was 160 pupils. Our actual enrollment was 149 pupils, and the January 20, 1964 enrollment is 152.

Westmoreland enrollment is subject to rapid changes; for example, there has been an increase of ten pupils since December 1, 1963 to January 20, 1964. These rapid changes make it extremely difficult to accurately determine whether or not our present building can provide adequate facilities for all the pupils in the near future. Based on present enrollment and the school census, we will need additional space for one grade in September, 1965 or plan to tuition grade eight pupils.

From the standpoint of providing a better educational opportunity, tuition is the answer. It is also more expensive than adding a room or rooms and hiring additional teaching staff. It is up to the voters to decide between better educational opportunity for their children and the money that can be saved.

An article in this year's school district warrant requires an important decision by the voters. If the voters vote in favor of the article, they are authorizing the school board to negotiate a twenty-year tuition contract with the Keene School District.

Keene High School will be the high school where Westmoreland pupils must go if they are to have their tuition paid by the district.

We have been having considerable trouble with the furnace. It is a complicated device that does an excellent job when all the components are operating. However, any small difficulty activates electronic safety devices that automatically stop the complete operation. It is hoped that the problem will be solved in the near future.

Westmoreland teachers participated with the other teachers

of Supervisory Union No. 60 in a workshop held at the Walpole High School on September 3, 4 and 5. The teachers studied and discussed ways and means of how to keep the public better informed in regard to what is being done in the schools.

Last year was our first year of using homogeneous grouping for our reading classes. Our achievement test results showed improvement and we expect still more improvement in reading as we continue the program.

This year we are also using ungraded groups in the mathematics classes and in addition are teaching so-called "modern mathematics" at all levels. This approach places more emphasis on the "Why" and recognizes the importance of understanding mathematical concepts and processes.

The budget submitted at the annual meeting last March estimated no end-of-the year balance. The actual balance was $2,906.57. In addition, foundation aid was increased from an estimated $8,511.00 to $9,658.49, an increase of $1,147.49. This amount with the balance gave a total of $4,054.06 which was used to reduce the amount to be raised by taxes from $74,520.68 to $70,465.50.

We are fortunate to be able to present a budget that is slightly lower than the one presented last year. It is also noteworthy that the amount to be raised by taxes is some $4,000 less than last year.

ENROLLMENT, January 20, 1964
